

Displays are vital to effective merchandising. We make our own displays and offset their purchase. See the order form for details.

CLAY CRITTERS®

MAGNETS • KEYCHAINS • ORNAMENTS

**Handmade
in the
Heartland**

CLAY CRITTERS are made—from start to finish—by eighteen Indiana craftworkers using a tough, non-toxic and lead-free polymer clay. We use various finishes to get just the right look, including marbling, airbrushing, and hand painting. Almost all can be customized with a permanent, laser-engraved name-drop of your choice.

Visitors tour Clay Critters to watch us make our products, hear our twenty-six year-old company history—a story beginning in Rebecca's kitchen—and add to their magnet collection.

We use Swarovski® crystals on all of our jeweled items. UPC barcoding and name-dropping are free retailer services. Call for more information.
